FORBES ROAD CAREER AND TECHNOLOGY CENTER STATE SAFETY REGISTRATION GUIDELINES

***State Safety Inspection students: You are REQUIRED to read the book before attending class.** It can be viewed at www.dmv.state.pa.us, under News, Facts, and Stats, click on Most Requested Forms and Publications then choose the PA Driver's Manual- Updates and additional information can be found at this site. If you are unable to Print Vehicle Equipment & Inspection Regulations (PUB 45) prior to class found at www.dmv.state.pa.us, a printed copy will be provided for you. **You will need your PA Driver's License at the beginning of each class, otherwise you will be removed from the inspection class with no refund.**

Student must have Category I in order to **add on** an additional category. If this is the case, they will attend the last night of class only.

If the student does not have Category I, they can schedule to take the Category I. and the additional Category.

In this case, they would attend the regular three-day class schedule and then on the last night the additional Category is done. The tactile portion of the test for both Categories will be scheduled the following week. There is no tactile portion required for Category IV.

Students who have returned a registration form and paid for the course/exam will be contacted about a week before the start date and reminded of the following;

- Category I students are reminded to bring the Vehicle Equipment & Inspection Regulations (PUB 45) to class all three nights.
- Those registered for additional Categories must review the Inspection Study Guide on the Penn Dot website for their category.
- Those who are **only** registered for an additional Categories can report to class on the last night at 5:00PM instead of 3:00PM.

Additional State Safety Inspection Categories

Category IV – Enhanced

- Has been renamed from Reconstructed Vehicles to Enhanced on registration form
- There is no tactile portion for Category IV. It is a written exam only. Student comes the last night of class for written exam.
- Students need to review the Enhanced Inspection Study Guide on the Penn Dot website (available on the registration form).
- FYI: the Enhance Vehicle cat. Includes reconstructed vehicles and a document writer/reviewer. The document writer/review is very rarely requested.

Category III – Heavy Trucks

- Forbes has a Heavy Truck for State Inspection – student does not need to bring their own vehicle for the tactile portion of the test for this category. Student comes the last night of class for written exam and then is scheduled to take the tactile portion the following week.
- Students need to review the Heavy Truck Inspection Section Subchapter F in the Vehicle Equipment & Inspection Regulations (PUB 45) on the Penn Dot website (available on the registration form).

***PLEASE BRING YOUR PENNSYLVANIA DRIVERS LICENSE WITH YOU FOR ANY INSPECTION COURSE**

Middle States Association of Colleges and Schools
Commissions on Elementary and Secondary Schools

Please complete & retain the bottom portion of this form for your records.

NO REFUNDS OR RESCHEDULING FOR THOSE WHO DO NOT ATTEND THE SCHEDULED CLASS. STUDENT MUST REPAY TO HOLD A SPACE FOR THE NEXT CLASS OFFERED.
