We appreciate your patience while we have been working through the very complex and ever-changing plan to reopen school. Forbes Road Career and Technology Center, along with our member school districts have been carefully navigating through an extreme volume of information and a long list of challenges as we plan for this upcoming school year. FRCTC begins the school year on **Thursday, August 20, 2020.**

Our planning process has involved keeping up with the changing guidance from the Allegheny County Health Department, the Pennsylvania Department of Health, the Pennsylvania Department of Education, and the Federal Government. We have also worked closely with leaders from other career and technical education schools and our member school districts.

Whether you attend via the hybrid or remote learning model, our primary goal remains the same – to deliver a quality educational experience to all families, in-school and at home, in a way that minimizes exposure and disruption to the greatest extent possible. Our plan is for us to keep teaching and for students to continue learning while maintaining the health and safety of our students, families, and staff members.
