

December 13, 2021

Dear Forbes Road CTC Community,

Over the course of the past few months, we have had many conversations with our staff, students, parents, and district stakeholders regarding the wearing of masks on our campus. Our experiences throughout the past two years have shown that in-person learning is the most effective means of preparing our students for their desired career pathways and their post-secondary success. To provide students with meaningful educational experiences, we must maintain mitigation efforts that help to minimize the negative impacts of COVID-19 as they relate to our daily operations. The majority of Forbes Road CTC's sending districts have determined that maintaining their previously implemented mask requirements will be the best course of action to promote safe school environments. It is our intention to continue to monitor the mask policies of our sending districts so we may support the intentions of our stakeholders. The Forbes Road CTC's mask mandate will continue until January 17, 2022. We will continue to monitor and adjust our plans to meet the needs of our sending districts and their communities.

Sincerely,

Edward McMullen  
Director  
Forbes Road CTC
